Asheville Area Chamber of Commerce, 812

Six Books Honored with ASLI CHOICE Awards

Atmospheric Science Librarians International (ASLI) will hold its third annual ASLI's CHOICE book award ceremony at 4:30 p.m. at the ASLI booth in Exhibit Hall B. Awards are given in three categories: scientific and technical, historical, and social science aspect.

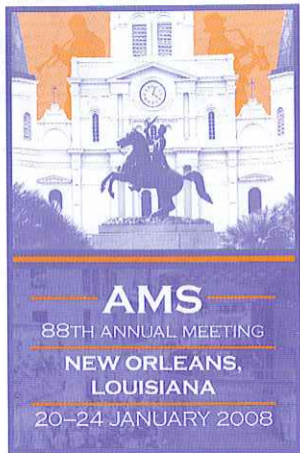

ASLI's Choice winners in scientific and technical, social science, and history categories, respectively, were: *Climate Change 2007: The Physical Science Basis*, by the Working Group I, Fourth Assessment Report of IPCC (Cambridge Univ.

Press); *The Economics of Climate Change: The Stern Review*, by Nicholas Stern (Cambridge Univ. Press); and *British Weather and the Climate of Enlightenment*, by Jan Golinski (Univ. of Chicago Press).

Three books won honorable mention: *Global Outlook for Ice & Snow*, by the United Nations Environment Programme; *When Nature Strikes: Weather Disasters and the Law*, by Marsha L. Baum (Praeger); and *Why the Sky is Blue: Discovering the Color of Life*, by Götz Heppel, (translated with John Stewart; Princeton Univ. Press).
